

LESSON PLAN

B.A. 1st Year

SESSION - 2020-21

SUB: GEOGRAPHY

- Week 01 : Location Setting of India, Our Neighbouring countries, India : A land of diversities, Relief of India which includes Himalayan Mountains, Great Plains of North India, The Peninsular Plateau, coastal Plains and Indian Islands. [Practical - Introduction to Maps].
- Week 02 : Drainage system of India with Himalayan River system and Peninsular River System. Climate of India, Different seasons, wind system and climatic Regions, Maps.
- Week 03 : Soils, of India and its classification, Natural vegetation, Natural Hazards and Disasters, Scales Introduction & classification
- Week 04 : Population density and distribution of India, Migration, Human Settlements and its types, Urbanisation, Types of scales
- Week 05 : Land Resources, Irrigation, Green Revolution, Regional disparities in cropping Pattern, Measurement of distance on Maps.
- Week 06 : Assignment - 01 given, Doubts session, Problems of Indian Agriculture, Minerals.

Week 07 : Resources description and classification,
Minerals and Energy Resources,

Week 08 : Assignment -02 , Doubts session,
Manufacturing Industries,

Week 09 : Means of Transport and comm.,
International Trade

Week 10 : Revision , Discussion on Doubts.

Week 11 : Revision , Test.

Week 12 : Revision.

Alexander

LESSON PLAN

B.A. IInd Year

SESSION - 2020-21

SUB: Geography

- Week 01 : Weather and climate ; origin ,
composition and structure of atm.
Introduction to Insolation.
Practical : Measurement of temperature,
Rainfall and Pressure
- Week 02 : Global Heat Budget, Horizontal and
vertical distribution of Temp.,
Inversion of Temperature, Atm. Pressure.
Pract. : Introduction to Bar
graphs.
- Week 03 : Pressure Belts, Planetary winds,
Monsoon, Local winds, Humidity,
Line Graph, distribution of temp.
and Rainfall.
- Week 04 : Air masses - concept and classification,
cyclones, Polygraph.
- Week 05 : Climatic classification, global
warming and climate change,
Practical - Climograph.
- Week 06 : Configuration of oceanic floors,
Distribution of Pressure (Isobars),
Assignment - 01 given

Week 07

: Temperature and Salinity of Oceanic Water, weather maps and Interpretation.

Week 08

: Assignment 02, Circulation of Oceanic Water, oceanic currents.

Week 09

: Oceanic Resources, Doubts session,

Week 10

: Revision and Doubts

Week 11

: Test

Week 12

: Revision and Test.

Heenesh

LESSON PLAN

B.A. IIIrd Year

SESSION - 2020-21

SUB : GEOGRAPHY

Week 01 : Nature, Scope and Relationship of Economic Geography with other Branches of Social Sciences.
Practical : Introduction to Map Design and Layout.

Week 02 : Classification of Economic Activities and their impact on Environment, Natural Resources, [Map construction]

Week 03 : Resources : Types and classification, Conservation and utilisation of Natural Resources, [Distribution Maps]

Week 04 : Spatial distribution of food, commercial and Plantation crops, (Dot maps)

Week 05 : Classification of Mineral Resources, distribution and Production of minerals, (Isopleth Maps)

Week 06 : Assignment 01 given, classification of Industries, world distribution and Production of Iron and Steel and textile Industry.
Choropleth Maps in Practical.

Week 07 : Transport and communication, Major Modes of water, land and Air transport.
Diagrammatic Maps in Practical.

Week 08 : Assignment 02,
International Trade and Recent Trends.

Week 09 : Doubts and Revision

Week 10 : Revision, class Test

Week 11 : Revision.

Week 12 : Revision.

K. S. Srinivas
